It makes us feel sad to have to chronicle another accident to Miss Mary Clayton. Tuesday morning after starting for her school her horse became excited, ran away, threw her off and sprained her wrist and bruised her otherwise quite severely. The horse ran a few rods further, stepped into a hole and fell and killed itself. This is the third time such an accident has happened to Mary and she now affirms that walking is good and is not all taken up.

From some cause unknown to us our items have failed to come out in the HERALD for a few weeks past. We don't think it is our fault, as we have started them in good time. (Week before last is only time recently we have failed to publish every correspondence that came in. That week all of them were crowded over to the next week by an unforeseen pressure of other matter. We shall try to have them all appear promptly hereafter.—EDITOR.)
